**NORTHSTATE RELEASES INVESTOR PRESENTATION**

**High Point, NC—March 4, 2019—**[NorthState](#), a fiber optic network, cloud and IT services provider, announced today the release of an Investor Presentation.

Speaking about the presentation, Chief Executive Officer Royster Tucker III said, “We continue to grow NorthState along two distinct lines of business: IT Services & Hardware and Internet & Communications. Each line of business provides opportunities into the future and allows us to put technology to work in order to further advance businesses and lifestyles. We invite you to take a look at NorthState today through this Investor Update.”

The Investor Presentation can be viewed on the company’s website at: [Investor Presentation](#).

**About NorthState**

[NorthState](#) is a technology company focused on inspiring the Internet-driven lifestyle through high-touch experiences. Its fiber-delivered, ultrafast Internet and Internet-driven applications enable residential customers and businesses to efficiently and securely take advantage of the Internet. Through its Technology Solutions business unit, NorthState provides data center colocation, customized cloud and IT solutions, managed disaster recovery services, managed security and unified communications.
